Major Achievements

- Establishment of the Medical Skills Center at the Faculty of Medicine, the University of Jordan, Amman Jordan. This involved proposal preparation and submission, equipping of the center, organizing staff development activities including the organization of workshops, short term training courses, professorship visits, and travel to academic conferences. The center was officially opened and made available for utilization in January 2005.
- Establishment of the Molecular Biology Research Laboratory at the Faculty of Medicine of the University of Jordan which was officially opened in January 2005.
- Preparation of Program Specification as a requirement for accreditation of the Faculty of Medicine, 2004.
- Change of the Curriculum of the Faculty of Medicine: Lead a group of highly motivated staff members to change the curriculum from a traditional one into an integrated organ system based curriculum. The new curriculum was put in effect as of the academic year 2003/2004.

Workshops and Conferences

Workshops: Participated in numerous workshops, the most important of which are:
